

Are you an expert in inventory management and planning who is looking for more professional growth? Join this highly respected manufacturing business.

Inventory Controller

- Provider of welded security door and windows products
- Work with a business that exceeds all relevant Australian Standards
- World class manufacturing operations

Our client

Is the only provider of welded security doors and security windows in Australia. They are a highly respected family-owned business with over 37 years of operation and producing products in a computer controlled hi-tech environment. They have passed every (Australian Standards) conceivable test with flying colours and all test results are available right here on their website.

What they offer

Believing that reward should always match effort, they are offering the right person with passion and enthusiasm the following:

- Competitive base salary
- Superannuation
- Strong career progression

Your responsibility

Based in Brisbane's northern suburb, working within the Finance and Operation Department and reporting to Operations Manager, this role's primary purpose is acquiring goods and services, manage vendor relationships, and conduct inventory and planning to ensure the timely supply of products and services. Key responsibilities will be:

- Monitoring inventory and forecasting and ensuring the stock availability.
- Develop and maintain the inventory control systems and practices of the company.
- Purchase order processing, maintenance and management of backorder solution.
- Development of vendor supply chain improvements and risk management strategies

What you will bring

This full-time position will suit someone who:

- Exceptional understanding of demand planning and inventory management practices.
- Commercially astute with an appreciation for long range forecasting for high volume SKU's.
- Strong analytical and logistical thinking skills with experience dealing with local and overseas vendors, shipping and logistics.
- Excellent communication skills, time management, and organisational skills.
